ADDITIONAL EXPECTATIONS

- When ELC requests the documentation for staff listed to receive a wage incentive, you must be in good standing with your employer and with DCF from June 2019 – May 1, 2020. This is at the discretion of the **director/owner** to determine “good standing” during the previously mentioned time frame. Once the required documentation is submitted by the director, all staff listed will be eligible to receive a wage incentive if they meet the requirements.
- The Coalition’s leadership reserves the right to make a decision about training hour requirements and distributing a professional development incentive to any Guiding Stars center personnel, after an opportunity for a meeting and due process.
- If you are a GSOD director at one location and a teacher at another GSOD location, you will only receive one incentive check.
- One of the important goals and expectations of the Guiding Stars of Duval Professional Development Incentive Program is to reward staff for remaining employed at the same GSOD center **for at least a year**. To continue to be eligible in the program, please note the following:
 1. Employees who move during the program year **for ANY reason** (including being promoted to another position at a “corporate” center who may have more than one location) and become employed at another GSOD center **will no longer be eligible** to receive an incentive. This includes “corporate” centers with more than one location.
 2. If a GSOD center closes and you move to another center that is **not** listed as star rated you will no longer be eligible to participate in the Guiding Stars of Duval Professional Development Incentive Program.
 3. If a GSOD center closes, you must become employed within 30 days at another GSOD center that is listed as star rated. If you earned any training hours while employed at the center that closed, those hours can be used to meet the qualifications towards the Guiding Stars of Duval Professional Development Incentive Program. A letter from your current center director on the center’s letterhead must be provided. The dates of current employment and the date and name of the center where the employee was previously employed must be included in the letter. The employee must remain employed at the center thru **May 1, 2020**.
- You will be asked to produce copies of all **certificates** earned towards the incentive program for the respective year. It is the responsibility of each class or workshop participant to keep his or her own certificate upon receipt. If for any reason your ELC certificate is misplaced, lost in the mail, destroyed, etc. a replacement fee of \$10 cash is required for each ELC replacement certificate. Request for a certificate must be submitted by email to training@elcduval.org at least 2 weeks prior to the date the certificate is needed. Please include your name, date of training, title of training, location and hours earned in the email. A copy of an ELC training transcript will not meet the wage incentive training requirement.
- Staff Qualifications and Professional Development information submitted by providers who will go through Guiding Stars validation / revalidation in **2019-20**, will be cross referenced with information provided for the Guiding Stars of Duval Professional Incentive Program to ensure alignment in meeting the requirements.

Any false documentation submitted will PERMANENTLY disqualify you from ever receiving any wage incentive from the coalition.

Termination of the center’s school readiness agreement will disqualify the provider’s eligibility for a wage incentive.
